

ALS-5512

Silicone Tag

Key Features

- Slim
- Waterproof
- Soft and flexible
- Chemical properties of stability
- Suitable for washing, drying, dry cleaning and ironing
- Exceptional temperature, harsh environmental performance

Tag Spec

Material	Silicone	Protocol	ISO/IEC 18000-6C & EPC global Class 1 Gen 2
Dimension	55 x 12 x 1.9 mm or customization	Chip	NXP UCODE 9 (860~960 MHz)
Weight	2g	Tested Read Range	Up to 2.5M (Depend on handheld reader 33dBm)
IP Rating	IP68	Operating Temp.	-35 °C to +120 °C
Using Times	At least 300 times	Storage Temp.	-40 °C to +120 °C
Coding	Chip Encoding available	Customized logo printing	Laser engrave number or logo Silk screen printing
Data Retention	10 years		
Warranty	1 year
